**Important information for all patients coming in for a
WELL WOMAN EXAM**

A Well Woman Exam visit includes: Breast Exam, Pelvic Exam, and a Papsmear if guidelines are met. These are done each year under the assumption of a routine visit. Any additional information divulged by the patient, Dr. Helva, or referring physician may result in a code change. As a result, you may have a fee with regards to your co-pay and or deductible as your insurance company mandates, per your policy. Check with your insurance company if you have questions. If you have an additional issue you would like Dr. Helva to address, please see the front desk to make an additional appointment.

Your cooperation and understanding is appreciated.

Thank You,
Dr. Helva and Staff

I am aware and I understand the office policy.
